## THE 11TH INTERNATIONAL INFORMATION SECURITY CONFERENCE

9 - 12 MAY 1995 CAPE SUN HOTEL, CAPE TOWN, SOUTH AFRICA

## CALL FOR PARTICIPATION

### CONFERENCE

IFIP/SEC '95, THE 11TH INTERNATIONAL CONFERENCE on Information Security, starts the second decade of IFIP/SEC conferences. This conference will therefore briefly review the development of Information Security during the last decade, and will specifically look at the growing importance of Information Security during the next decade.

Six highly acknowledged international leaders on Information Security have been invited to form the backbone of the conference and to establish the chosen conference theme of IFIP/SEC '95:

### INFORMATION SECURITY - THE NEXT DECADE

The aim of this conference is to examine the current and future potential problem areas and hear from the speakers about how they are currently addressing these issues.

The 1995 conference comes at a crucial time halfway through the "decade of corporate change" as companies are restructuring, forming international alliances, establishing global open communications and making vast amounts of corporate data accessible. Data control and information security is rapidly becoming a major concern, not only to senior IT managers, but also senior board members. It has also become a challenging research discipline at many leading universities.

Therefore, if you only attend **one** conference in 1995, make sure it is IFIP/SEC '95!! Any person involved with Information Security in **any** way, will definitely miss the opportunity of the decade if he or she misses IFIP/SEC '95!! The IFIP/SEC '95 conference will consist of advanced seminars, tutorials, open forums, distinguished keynote speakers and presentations of high quality accepted papers. Each morning or afternoon session will include a plenary session presented by a highly acclaimed speaker. A high degree of interaction and discussion amongst conference participants is expected.

## 1. INVITED KEYNOTE SPEAKERS

The following persons have all accepted the invitation to act as keynote speakers:

- **Kurt Bauknecht**, Director for Institut for Informatik, Universität Zurich - Irchel, Zurich, Switzerland
- **Fred Cohen**, ASP, Pittsburg, USA
- **Lance Hoffman**, George Washington University, Washington, USA
- **Sead Muftic**, Stockholm University, Stockholm, Sweden
- **William (Bill) Murray**, Deloitte & Touche, New Canaan CT, USA
- **Don Parker**, SRT International, USA

## 2. PLACE, DATE AND FORMAT

IFIP/SEC '95 will take place from 9 to 12 May 1995 in Cape Town, South Africa.

The setting for the conference is the Cape Sun Hotel in the centre of Cape Town, arguably South Africa's most famous city and widely acclaimed as one of the most beautiful and scenic cities in the world. The Cape Sun is one of South Africa's 5-star hotels.

The conference format will be as follows:

Tuesday 9 May	-Full day
Wednesday 10 May	-Morning only
Thursday 11 May	-Full day
Friday 12 May	-Morning only

## 3. TOPICS

The following list of topics gives an idea of areas to be covered at the conference. Papers will be presented in English. Possible topics include, but are not restricted, to:

- Management of InfSec (policies, etc.)
- InfSec in distributed (open) environments
- Practical applications of encryption
- InfSec for workstations
- Security, safety and resilience in software systems
- Ethical and social issues surrounding InfSec
- InfSec in financial systems
- Technologies for InfSec
- Risk analysis and management
- InfSec and auditing

- Security in EDI / electronic mail
- Industrial espionage
- InfSec and the intelligence community
- Formal models for information security
- Viruses
- International standards and evaluation criteria

Authors are requested to submit original work, not previously published, on any of the above or other Information Security related topics.

## 4. INSTRUCTIONS TO AUTHORS

Authors must submit three (3) printed copies of an extended abstract, comprehensive enough to allow proper and effective refereeing. The extended abstract should be between 5 and 10 A4 pages. In the final paper authors may expand on the work mentioned in the abstract. The normal procedures for submitting papers for refereeing purposes hold. Written release for publication and copyright will be required for all papers accepted. Each paper must have an abstract and a separate cover page. The cover page must include:

- ☞ The title of the presentation.
- ☞ Full names of all author(s), current position, affiliations, contact address, telephone, fax and e-mail numbers, point of contact if more than one author.
- ☞ Relevant experience in presenting papers at conferences.

No identification information on any of the authors should appear in the abstract itself.

Please send 3 copies of your cover sheet and abstract to the Programme Chairman:

Professor Jan Elof  
Department of Computer Science  
Rand Afrikaans University

Fax No: + 27 11 489 2138  
e-mail: IFIPSEC95@RWK.RAU.AC.ZA

Enquiries regarding speakers and topics should be referred to the Programme Chairman above.

## 5. REFEREEING PROCESS

Every paper submitted will be refereed in accordance with the established procedures for international conferences. To ensure acceptance of high quality papers, each paper submitted will be double and blind refereed. All papers presented at IFIP/SEC '95 will be included in the conference proceedings, copies of which will be provided to the delegates.

## 6. IMPORTANT DATES

- ☞ All submitted abstracts must reach the Programme Chairman by **30 September 1994**.
- ☞ Notification of acceptance will be mailed on or before **30 November 1994**.
- ☞ Final complete camera-ready papers must be received by **25 February 1995**.

## 8. AWARDS

The Kristian Beckman Award, as well as a Best Paper Award, will be made.

## 9. SOUTH AFRICA

Cape Town is one of the most beautiful cities in the world and offers many scenic and historic attractions, with the majestic and world-renowned Table Mountain as a backdrop. Cape Town is the legislative capital city.

The Cape Peninsula has more indigenous plant species per square metre than anywhere else on earth. Within easy driving distance from Cape Town there are nature and game reserves, botanical gardens, bird sanctuaries and some of the most beautiful beaches in the world.

The Cape Peninsula offers both the wild rugged coastline of the Atlantic and the warmer tranquil coastline of the Indian ocean.

The scenery is magnificent, the climate sunny and mild, and the country's friendly hospitality is legendary. Wherever you go, you are sure of a warm welcome, good service, excellent food and wine.

South Africa has hotels comparable to the best in the world.

Special tourist packages for attendees and their accompanying persons will be available, including a trip on the internationally famous Blue Train, and safaris to several private game parks as well as the Kruger National Game Park.

Local tours in and around Cape Town will include a trip up Table Mountain (a breathtaking view), as well as wine-tasting tours to surrounding wine estates nestling at the foot of magnificent mountain ranges.

## 10. ACCOMMODATION (1994 rates)

### Cape Sun Hotel (★★★★★)
